Ready for Enforcement. Prohibition Commissioner Kramer has completed organization of the machinery for the enforcement of con-stitutional prohibition after the amendment and the enforcement law amendment and the enforcement law become effective at midnight tomorrow night. Commissioners have been appointed for practically all states, as well as for the districts into which the country has been divided for purposes of enforcement of the law.

Home brewing of beverages containing more than one-half of 1 per cent of alcohol also will come under

the ban.

Enforcement of the new liquor law will be left largely to state, county and municipal officials, but Commissioner Kramer has given warning that where these fail to use due diligence, the federal authorities will step in.

Resolutions urging "lovel to remind these hostile that unless the national pro-hibition law is enforced lawlessness will be encouraged, were adopted today by the executive committee of the Anti-Saloon League of America. Federal authorities were urged to see that the law is upheld in those states hostile to prohibition.
